**Junior League of Oklahoma City and Children's Hospital at OU Medical Center Host
Groundbreaking Celebration for "The Zone"**

The Junior League of Oklahoma City partners with Children's Hospital at OU Medical Center to host a groundbreaking celebration for "The Zone" from 5:30 to 7:30 pm on Wednesday, March 11. OU Football Coach Bob Stoops will also make remarks.

"The Zone" is planned to be a place where young patients and their families can read books, watch movies, enjoy computer activities and meet with visitors. It will also include literacy-focused programs in addition to other fun activities in the 5,000+ square feet space. More than 100,000 children are treated annually at Children's and this new space will provide a welcome respite during their stay.

Free valet parking is available at 1200 Everett Drive which east of Lincoln Blvd and off S.L. Young Blvd in Oklahoma City. Proceeds directly defray construction costs and help purchase books, furniture and other necessities for this unique area.

The nearly \$1 million project is scheduled to open mid-summer. The League has committed a large number of volunteers and resources to ensure the project's success. With more than 1,100 League members, nearly every member will be involved in the effort.

The event is complimentary. Advance reservations required. RSVP to 405.843.5668.
